  - Address: No. 156 GS3 Street, Tay A Quarter, Dong Hoa Ward, Di An City, Binh Duong Province, Vietnam
  - Date of Birth: May 23, 2006
  - Website: <https://jokholk.dev>
- 

## CAREER OBJECTIVE

---

I am a software development student with a strong interest in **full stack web development** and **game programming**. I seek to apply both academic knowledge and hands-on experience gained from freelance web projects and personal game development to build practical, high-quality products. My long-term goal is to grow into a **professional full stack developer** with solid technical foundations and strong problem-solving skills.

---

## WORK EXPERIENCE

---

### Web Developer (Freelance)

**Period:** September 2025 – Present

- Designed and developed a personal portfolio website using **Astro**, focusing on performance optimization and user experience.
  - Integrated **Strapi Headless CMS** to enable flexible and scalable blog content management.
  - Deployed and maintained the application on a **VPS**, configuring **Nginx** to ensure stable and reliable operation.
  - Implemented real-world web projects to demonstrate front-end development skills and API integration capabilities.
  - **Project:** <https://jokholk.dev>
- 

### Team Lead – Game Project

**Period:** July 2025 – August 2025

- Led and coordinated a team of three programmers in developing **Rogue Adventure**, a 2D pixel-art platformer game.
- Analyzed project requirements, assigned tasks, and monitored development progress.

- Implemented core gameplay systems, including character controls, combat mechanics, enemy behavior, and level logic.
  - Ensured timely project delivery while maintaining effective collaboration among team members.
  - **Project:** <https://jok-holk.itch.io/rogue-adventure>
- 

## Web Freelancer

### Etugi Binh Duong

**Period:** September 2024 – October 2024

- Designed and developed the website's user interface using **HTML** and **CSS3**, ensuring clarity and usability.
  - Implemented interactive features with **JavaScript**, including shopping cart functionality, contact forms, and UI effects.
  - Built a fully **responsive layout**, optimized for various screen sizes and devices.
  - Ensured clean, maintainable code and cross-browser compatibility.
  - Delivered a complete and stable product that met client requirements.
- 

## SKILLS

---

### Technical Skills
